**Make This Test
How to Tell if Your Hair is
Diseased**

Even if you have a luxuriant head of hair you may want to know whether it is in a healthy condition or not. 98% of the people need a hair tonic.

Pull a hair out of your head; if the bulb at the end of the root is white and shrunken, it proves that the hair is diseased, and requires prompt treatment if its loss would be avoided. If the bulb is pink and full, the hair is healthy.

I want every one whose hair requires treatment to try Rexall "93" Hair Tonic. I promise that it shall not cost anything if it does not give satisfactory results. It is designed to overcome dandruff, relieve scalp irritation, to stimulate the hair roots, tighten the hair already in the head, grow hair and cure baldness.

It is because of what Rexall "93" Hair Tonic has done and my sincere faith in its goodness that I want you to try it at my risk. Two sizes, 50c. and \$1. Sold only at my store—The Rexall Store. Thos. J. Chenoweth, Second and Sutton streets, Maysville, Ky.

POOLED TURKEYS

The ladies of Henry county have pooled their turkeys again this fall. The crop is short, but six hundred have been pooled in one precinct. They will hold two sales, one just before Thanksgiving and the other in time for the Christmas market.

REMARKABLE WEATHER

Flemingsburg Times-Democrat.

Here it is up to the 20th of October without a killing frost and with foliage and vegetation looking more like May than October. It looks as if kind Providence might be making it up to us for the wintry weather of April and May. There is a remarkable growth of grass which will save a lot of high-priced feed.

ONLY ONE BID

For the third time the sale of the Pittsburgh and Cincinnati Packet Line was postponed at Pittsburgh. The sale, which was to have taken place Wednesday, attracted one bidder, J. K. Lyons of Higginsport, Ohio, and he bid \$20,000 for the wharfboat at Pittsburgh, one-half interest in the wharfboat at Cincinnati and the packet boats Virginia and Queen City. No higher bid being given the sale was adjourned until November 16th. Mr. Lyons was desirous of purchasing the line for the purpose of operating it. The steamer Virginia has been tied up at Pittsburgh for the past eight months.

Misses Mattie Lee Capps of Fort Worth, Texas, and Druanna Johns of Pittsburgh, who have been guests the past week at the beautiful home of Mr. and Mrs. J. Barbour Russell in East Third street, leave this afternoon for Lexington.

On Friday night last they were the honor guests at an elegant dinner given by Mr. and Mrs. Russell, covers being laid for fourteen.

On Sunday a piano recital was given at the handsome home of Mrs. M. C. Russell in East Third street.

Tuesday evening they attended the Knights Templar ball, and on Wednesday they were guests at a splendid dining given by Mrs. S. A. Shanklin at her home at Helena Station.

The gaieties of their visit were concluded last afternoon by a reception given by the Misses Barbour at the home of their parents, Hon. and Mrs. J. Foster Barbour.

PARTRIDGES AND RABBITS

Newspapers in various parts of the State report that partridges are numerous this fall; many of them are small, however, and the parent birds seem to have raised a second crop in many instances. Rabbits are reported as scarce in most places.

HON. DAVID B. HILL DEAD

ALBANY, N. Y., October 20th.—David B. Hill, ex-United States Senator and former Governor of New York, died suddenly today at Woolfert's Roost, his country home.

"I am a Democrat!" David Bennett Hill made that remark during a speech and he repeated it, and the cartoonists used it and the papers spread it until it clung to him until death.

**WOMEN
OF MIDDLE
AGE**

**Need Lydia E. Pinkham's
Vegetable Compound**

Brookfield, Mo.—"Two years ago I was unable to do any kind of work and only weighed 118 pounds. My trouble dates back to the time that women may expect nature to bring on them the Change of Life. I got a bottle of Lydia E. Pinkham's Vegetable Compound and it made me feel much better, and I have continued its use. I am very grateful to you for the good health I am now enjoying."—Mrs. SARAH LOUISIGNOT, 414 S. Livingston Street, Brookfield, Mo.

The Change of Life is the most critical period of a woman's existence, and neglect of health at this time invites disease and pain.

Women everywhere should remember that there is no other remedy known to medicine that will so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs.

For 30 years it has been curing women from the worst forms of female ills—inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, and nervous prostration.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. THE SQUARE DEAL MAN.

50c Armure 33c Yard

It's a pretty wool material in monotone stripes—brown, navy, cuuad blue and black are the colors.

Children's Headwear

A few blue and red but chiefly white bearskin bonnets for children 2 to 5 years. Slightly soiled, therefore reduced to 39c.

Children's Coats

White bearskin slightly soiled hence priced much below regular value at \$1.98 and \$2.98. Sizes 2 to 6 years.

Women's Suits

One blue check, size 34, one black serge and one black broadcloth in sizes 36. Short coats, plain or plaited skirts but not this season's garments. Original price \$20. Wooltex and Princess Suits. Choice \$4.98.

Silk Waists 98c

Two white china silk, one plain, one lace trimmed.

Two light blue messaline, lace trimmed. One light green net. Priced away below original value because they are soiled. One dark green net in good condition \$1½, former price \$5.

35c Veilings 15c

About one dozen pieces in plain and fancy mesh, chiefly colors. The new veilings are no prettier than these but the newest always sells first so we've made this low price to hurry out the laggards.

\$6 Silk Petticoats \$3.98

Light colors only—tan, blue, gray and a few pink. All are made with deep sectional ruffle trimmed in pin tucks and with silk or heatherbloom dust ruffle. The skirts are fresh and perfect in every detail. The reduction is not made on account of any defect in quality, workmanship or style, but because light colors are less saleable in the fall and we do not want to carry the skirts into another season. It is not often you can save a full third at the beginning of a season on silk skirts that are desirable in every detail, so the opportunity is worth grasping.

The Longer You Know Them the Better You Like Them

Doan's Kidney Pills never fail you. Maysville people know this. Read this Maysville case. Read how Doan's stood the test For three years.

It's local testimony and can be investigated: William H. Paul, 333 East Third street, Maysville, Ky., says:

"For two years I had pains in my back and other troubles, caused by disordered kidneys. When Doan's Kidney Pills were brought to my attention I began their use and they soon gave me relief. I cheerfully recommend this remedy as one that lives up to the claims made for it."

The above statement was given on December 13th, 1904, and on February 6th, 1905, Mr. Paul added:

"My opinion of Doan's Kidney Pills has not changed since I first recommended them. My cure has been permanent and I am now in good health."

COOK WITH GAS. LIGHT WITH ELECTRICITY.

Maysville Gas Co.

Gas Light Talks—No. 35.

Sensible Action.

In "getting after the special interests," the administration, as we told you yesterday, sought to reach the Trolley company by striking at the Gas company.

It did this by adopting the recent ordinance providing for a \$50,000 bond-issue for the purpose of establishing a municipal gas-distribution system and electric lighting plant.

The administration knew—or ought to have known—that \$50,000 would not even have started work on such a scheme.

It also knew that it could not have secured a supply of natural gas.

Also it knew that we were about ready to announce lower electric rates and the fact that we had succeeded in completing arrangements to bring in natural gas in the Spring.

If it didn't know these things, it could easily have acquired the information, as the matters were freely talked about.

However, we incline to the belief, expressed in former Talks, that it was fully informed and that the ordinance was adopted for political effect.

At its next regular meeting, after the adoption of the ordinance, the Council rescinded its action in this regard.

Now, presuming—merely for the sake of argument—that the administration had any idea it could carry the ordinance at the coming election—

It really did a surprisingly sensible thing in withdrawing the ordinance.

We have told you that municipally-operated lighting plants are not a success. For one reason, politics invariably enters into their operation, to the exclusion of the expert technical knowledge and service that are absolute requirements in the proper conduct of a lighting plant—either gas or electric.

Another thing: Under municipal ownership and operation of a lighting plant, the taxpayer takes all of the risk. None of it comes on the city administration. If electric consumers are promised lower rates by a municipal plant and go ahead and build it, then, almost invariably, the plant does not pay expenses and the taxpayer has to make up the difference. It amounts always to paying twice and sometimes three and four times for service.
